

Bottle - Material safety data sheet

Section 1: Product Information

Company Name: Benjamin Phillips Enterprises

Product Name: Clean your screen pump action spray

Description: A proprietary blend of surfactants and solvent

Section 2: Hazardous Ingredients

Component Name	CAS Number	Wt %	EINECS
Propylene Glycol Ethers	34590-94-8	<4	252-104-2
Alcohol Ethoxylates	68131-39-5	<1.0	Not Available

Section 3: Hazards Identification

Eye Contact: May cause slight eye irritation

Skin Contact: No expected irritation

Inhalation: Not expected to be an inhalation hazard

Ingestion: No expected when use as directed

Section 4: First Aid Measure

Eye Contact: Immediately flush eyes with large amounts of water for at least 15 minutes

Skin Contact: Flush skin with water

Inhalation: If signs/symptoms develop, remove person to fresh air, If signs/symptoms persist, get medical attention

If Swallowed: Do not induce vomiting unless instructed to do so by medical personnel.

Give victim two glasses of water. Never give anything by mouth to an unconscious person.

Get medical attention.

Section 5: Fire Fighting Measures

Autoignition temperature: Not Applicable

Flash Point: Not Applicable

Flammable Limits - LEL: Not Applicable

Flammable Limits - UEL: Not Applicable

OSHA Flammability Classification: Not Applicable

Section 6: Accidental Release Measures

Wash spill with water

Section 7: Handling and Storage

No special requirements outside of normal good industrial practices

Section 8: Exposure Controls and Personal Protection

Eye and Face: Not necessary when product is used as intended

Clothing: No special clothing is required when product is used as intended

Respiratory: Not necessary when product is used as intended

Ventilation: normal ventilation is adequate

Section 9: Physical and Chemical Properties

Specific Physical Form: Liquid
Odor, Color, Grade: Small odor
Flash Point: Not Applicable
Flammable Limits - LEL: Not Applicable
Flammable Limits - UEL: Not Applicable
Boiling Point: About 100°C
pH: 6.0 - 8.5
Solubility in Water: Soluble

Section 10: Stability and Reactivity

Chemical Stability: Stable
Conditions to Avoid: Heat and Strong Light
Materials to Avoid: Oxidizing material can cause a reaction

Section 11: Toxicological Information

Not list on NTP, OSHA and IARC

Section 12: Ecological Information

No bioaccumulation potential

Section 13: Disposal Considerations

State or local laws may impose additional regulatory requirements regarding disposal

Section 14: Transport Information

Not subject to DOT
Not subject to IMDG code
Not subject to IATA regulations

Section 15: Regulatory Information

Supply Classification: Not Classified

Section 16: Other Information

These data are offered in good faith as typical values and not as product specifications. No warranty, either expressed or implied, is hereby made. The recommended industrial hygiene and safe handling procedures are believed to be generally acceptable. However, each user should review these recommendations in the specific context of the intended use and determine whether they are appropriate.
